Mr. John F. Blake  
Deputy Director for  
Management and Services  
Central Intelligence Agency  
Room 7-D  
Washington, D.C. 20505

Dear Mr. Blake:

Thank you for your July 25 letter forwarding the names of the Central Intelligence Agency's representatives to the Second Federal Design Assembly. I appreciate your prompt response. I hope you, too, will be able to attend a portion of the Design Assembly. The Interior Design/Industrial Design Program on Thursday, September 12 will be of particular interest to you I believe.

I am delighted to have an advance copy of "Design for Living in CIA." It is very well written and I commend you and your associates on this fine contribution to Federal design excellence. I have an idea that once other Federal agencies learn about your publication, you will find you are reaching a much broader audience than just your own CIA employees. We would be well on our way to design excellence if every agency had a Fine Arts Commission modeled after yours.

I hope we will have the opportunity to do a story for FEDERAL DESIGN MATTERS on the CIA publication. I am enclosing a copy of the last issue of this newsletter, which reaches some 6,000 Federal agency officials and employees, for your information. I have already added your name, and those of your Design Assembly participants to our mailing list to ensure you receive subsequent issues.

Sincerely,

Lani Lattin  
Coordinator  
Second Federal Design Assembly
